Upgrading the Pacific Highway Woolgoolga to Wells Crossing

Preferred route display

The NSW Roads and Traffic Authority (RTA) has identified a preferred route to upgrade the Pacific Highway to a dual carriageway standard from Woolgoolga to Wells Crossing.

This route has been modified in response to issues raised by the community. The preferred route provides the best overall balance between functional, ecological, heritage, social and economic considerations.

Information is available in the August 2006 community update and the Woolgoolga to Wells Crossing Preferred Route Report.

Copies of the community update and report are available on the project website or by contacting the project information line (see details below).

The preferred route is on public display until Friday 13 October 2006.

For more information contact the project information line 1800 154 724 (toll free)
